
Title: The Art of Necromancy

Author: Magus Tryr

Necromancy is the
arcane form of undead
worship and
conjunction through
rituals and vocation.

Creation of Skeltons,
Zombies, Wraiths and
other undead are
subject to the following
reagents:

- a. Blackmoor
- b. Vial of Blood
- c. Bone
- d. Serpent Scale
- e. Fertile Dirt
- f. Undead Wood
- g. Bat Wing
- h. Volcanic Ash
- i. Eye of Newt
- j. Pig Iron

These are all ritual
based properties that
make up immense
power of undead.
